Materials, sizes and terms

Materials

Main color (Oatmeal in our drawings): about 1600 yd (size 2X)
Optional second color for stripes: about 270 yd (size 2X)
Yardage above is for the biggest size (2X); the other sizes are in the Sizes cards.
Skeins = yards / yards per skein, rounded up, plus 1. Example (S, 1070 yd): 100-yd skeins = 11 + 1; 150-yd skeins = 8 + 1. Check the label for yards, not grams.
Add 15 % to the yards you work out from your swatch. Use soft acrylic or wool-blend #5 yarn. Cotton and linen are much heavier and will stretch. We have not tried any yarn.
Yarn needle (large eye), scissors, stitch markers (at least 4), measuring tape, pins.
A finished sweater weighs about 0.5 to 1.4 kg (1 to 3 lb) depending on the size and the yarn (estimate, not weighed). Sew the shoulder seams firmly.

Abbreviations (US)

ch = chain
hdc = half double crochet
st(s) = stitch(es)
RS = right side (the outside of the sweater)
WS = wrong side (the inside)
yo = yarn over
tch = turning chain (ch 2 here: never counted, never worked into)
A / B = A is the main color; B is the optional second color for stripes
S (M, L, XL, 2X) = numbers for each size: the first is S, the others follow in order

Gauge

Gauge swatch is required, not optional. Suggested only, not swatched: 10 hdc and 7 rows = 4 in (10 cm) in hdc with a US L-11 (8 mm) hook and bulky (#5) yarn. Your rows and stitches may

be fewer or more than we show: measure your swatch and adjust.

Notes

- US crochet terms: see the abbreviations above. Sizes: S, M, L, XL, 2X. Numbers are written S (M, L, XL, 2X).
- Hdc: yarn over, insert the hook under both top loops of the next st (the V), yarn over and pull up a loop (3 loops on the hook), yarn over and pull through all 3 loops.
- Back bump: the bump on the back of each foundation ch. Row 1 goes in the back bumps. Keep the foundation chain loose: use a hook one size up for it if you tend to chain tight.
- Row 1 of every piece is a right-side (RS) row, so odd rows are RS and even rows are WS. RS = the outside of the sweater, WS = the inside. The turning ch (ch 2) does not count as a st and you never work into it.
- Join a new skein at the end of a row. Leave 6 in tails. A 100-yd skein is about 14 rows of the front or back in S and 10 in 2X, so plan for about 28 (S) to 38 (2X) ends to weave in.
- Expect the sweater to grow 1 to 2 in in length once worn or wet. Weigh your swatch when you block it.
- Glossary. Boat neck: a wide, straight opening between the shoulder seams. Drop shoulder: the shoulder seam sits low on the upper arm, and the sleeve is a rectangle. Swatch: a small test piece you crochet and measure. Gauge: how many stitches and rows make 4 in. Ease: the room added over your bust. WS: wrong side, the inside of the sweater.

In everyday life

Assembly

Rectangles seam row end to row end, so the counts below match.

Weave in ends

Weave in the ends on the wrong side, along a row, going back on yourself for 3 in. Tails from stripes can go into the side seam.

Stitch count: -

Block

Block the pieces flat before you sew. Pin the shoulder seams and try the sweater on before you sew the sides. Follow the yarn label.

Stitch count: -

Pin first

For every seam, pin the first and the last rows (or sts) of the seam and the middle first, then add pins every 2 in and sew between the pins.

Stitch count: -

Shoulder seams

Lay the front and the back flat, right sides up, tops of the stitches touching. With the needle, go under the 2 loops of the V of one st on the front, then under the V of the matching st on the back, and repeat across. Seam the first 12 (15, 17, 19, 20) sts and the last 12 (15, 17, 19, 20) sts of the top edge. Leave the middle 31 (31, 31, 33, 35) sts open: this is the neck (12 (15, 17, 19, 20) + 31 (31, 31, 33, 35) + 12 (15, 17, 19, 20) = 55 (61, 65, 71, 75) sts). Try your head through the neck before you sew the second shoulder seam. It sits wide: it may slip to one side.

Stitch count: -

Mark the armholes

On each side edge of the front and of the back, count 15 (16, 17, 17, 18) rows down from the shoulder seam and put a marker. This is the armhole (the underarm marker).

Stitch count: -

Attach the sleeves

A sleeve has 30 (32, 34, 34, 36) rows (the rows run along the arm, so the short edges are row ends). Fold the sleeve in half: the fold is between its Row 15 (16, 17, 17, 18) and its Row 16 (17, 18, 18, 19). Put that fold at the shoulder seam and sew the armhole edge of the sleeve to the armhole: 15 (16, 17, 17, 18) rows on the front and 15 (16, 17, 17, 18) rows on the back, one row end to one row end (mattress stitch: with the right sides facing you, pick up the 2 bars between the first and second st of a row end on one side, then the same on the other side, row by row, and pull gently every 4 or 5 rows). Do the same with the other sleeve.

Stitch count: -

Underarm and side seams

Sew the long edge of the sleeve with the foundation ch to the long edge with the last row (43 (44, 45, 46, 48) sts to 43 (44, 45, 46, 48) sts: the chain loop of each st on the foundation edge to the V of the matching st), then continue down the side of the body: 27 (28, 29, 30, 31) rows of the front to 27 (28, 29, 30, 31) rows of the back (mattress stitch). At the underarm marker four edges meet: the 2 long edges of the sleeve and the side edges of the front and of the

back. Sew the sleeve seam up to the marker, go twice through the marker point to close the gap, then go on down the side: one seam from cuff to hem. Repeat on the other side.
Stitch count: -

Finish

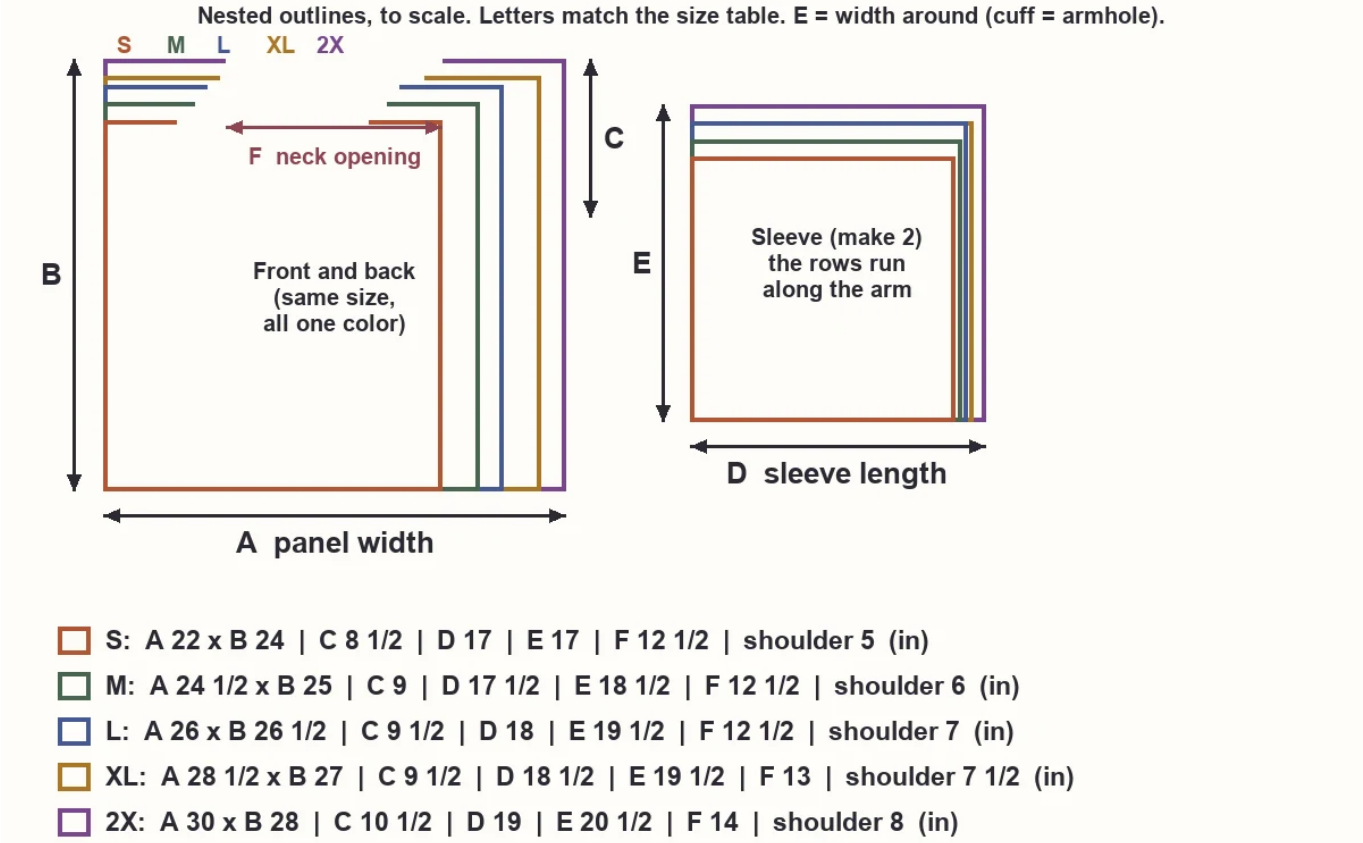

Weave in the seaming ends. The neck, hem and cuffs are left as they are (the edge of the hdc rows): no border to work. The cuffs are wide: fold them back once if you want them shorter.
Stitch count: -
