Abbreviations (US)

ch = chain
sc = single crochet
hdc = half double crochet
dc = double crochet
fpdc = front post double crochet
sp = space
st(s) = stitch(es)
yd = yard(s)
sq ft = square foot: 12 x 12 in (144 square inches)
in = inch(es)

Gauge

Suggested: moss stitch 15 sts and 16 rows; hdc 8 sts and 6 rows; waffle stitch 14 sts and 7-8 rows = 4 in (10 cm)

Notes

- US crochet terms: see the abbreviations above.
- Every size includes the single crochet border, which adds about 1/4 in on each side.
- Yardage includes a 20 % margin and is rounded up to the next 10 yd, as in each pattern.
- Each size uses the suggested gauge of its pattern (see Gauge). A different gauge gives a different size.
- Waffle Stitch Baby Blanket: our sizes use 7 rows = 4 in. With 8 rows = 4 in the blanket is shorter (Stroller about 31 in long).
- Square feet = width x length in inches, divided by 144.
- Yards per sq ft = the yards of yarn for 1 square foot of finished blanket, border included.

Crochet baby blanket size chart: our 6 sizes

Finished size with the border, then the yarn, the hook and the stitch for each size. The stitch counts are the stitches across x the rows, then the border round.

How much yarn for a baby blanket, size by size

Yardage for each size, all colors together, estimated with a 20 % margin.

Easy Crochet Baby Blanket, worsted weight (#4)

Stroller about 810 yd (740 m); Large about 1220 yd (1120 m).

Christmas Crochet Baby Blanket, super bulky weight (#6)

Stroller about 720 yd (660 m); Large about 1050 yd (960 m). Stroller by color: Cranberry 270 yd, Cream 240 yd, Pine Green 210 yd. Large by color: Cranberry 380 yd, Cream 350 yd, Pine Green 320 yd.

Waffle Stitch Baby Blanket, worsted weight (#4)

Stroller about 920 yd (840 m); Large about 1390 yd (1270 m). Stroller by color: Rust 480 yd, Sand 440 yd. Large by color: Rust 720 yd, Sand 670 yd.

Yards per square foot, by stitch

The yardage divided by the area, to compare stitches. These numbers come from our calculated patterns and include the border and the margin.

Moss stitch (sc and ch-1 sp), worsted weight (#4)

About 107 yd per sq ft (Stroller 108, Large 107). From the Easy Crochet Baby Blanket.

Hdc (half double crochet), super bulky weight (#6)

About 98 yd per sq ft (Stroller 98, Large 97). From the Christmas Crochet Baby Blanket.

Waffle stitch (dc and fpdc), worsted weight (#4)

About 126 yd per sq ft (Stroller 126, Large 126). From the Waffle Stitch Baby Blanket.

Why the numbers differ

Post stitches use more yarn: in our model a fpdc takes about 5 in of yarn and a dc about 3.5 in, so waffle stitch needs the most yarn for the same size. The hdc number is for super bulky weight (#6) yarn: do not use it for worsted yarn.

How to estimate the yarn for another size

Use the yards per square foot of your stitch. It is an estimate: the closer your size is to ours, the closer it gets.

1. Pick your size

Write down the finished width and length you want, in inches, border included.

2. Find the area

Width x length, divided by 144, gives square feet. Example: 30 x 36 in = 1080 square inches, divided by 144 = 7.5 sq ft.

3. Multiply

Square feet x the yards per sq ft of your stitch. Example in moss stitch: 7.5 x 107 = 802.5 yd, rounded up to the next 10: about 810 yd, the yardage of the Stroller size in the Easy Crochet Baby Blanket.

4. Count the skeins

Divide by the yards on your yarn label and round up. Example: 810 yd with 200-yd skeins: 810 / 200 = 4.05, so buy 5 skeins. Use the yarn weight of the stitch you picked: the numbers above only work with that weight.

Our Easy Crochet Baby Blanket rolled up as a gift: Stroller about 30 x 36 in, Large about 36 x 46 in.

Finishing

Each of our blankets ends with one round of single crochet border, about 1/4 in on each side, and the chart includes it. Measure your blanket after the border, laid flat on a table, and compare with the chart. Wash and dry it as the yarn label says.

How to use this chart

1. Make a swatch first

Our sizes use the suggested gauge of each pattern: moss stitch 15 sts and 16 rows; hdc 8 sts and 6 rows; waffle stitch 14 sts and 7-8 rows = 4 in (10 cm). Crochet a swatch of about 6 x 6 in in your stitch, measure the 4 in in the center and compare. More stitches per 4 in than the pattern: your blanket will be narrower than the chart. Fewer stitches: wider. Example: the Stroller size of the Easy Crochet Baby Blanket is about 30 in wide at 15 sts = 4 in.

Safe sleep: the American Academy of Pediatrics says no loose blankets in a sleeping baby's crib or bassinet before 12 months, so our biggest size is called Large, not Crib. Source: A Parent's Guide to Safe Sleep, healthychildren.org (American Academy of Pediatrics). Our blankets are for the stroller, the play mat and cuddles, with an adult nearby. Check that every end is woven in and that no strand or loop can catch a small finger.
