Crochet Baby Hat and Booties Set (Free Pattern, 0-12 Months)

Hat top down, booties with an instep, no buttons and no ties · US terms

The pair of booties: an oval sole, a low wall and a ribbed cuff, with no ties and no buttons. For a baby who does not walk yet.

Finished size: Hat 13 1/2 to 16 in around; booties for a foot of 3 3/4 to 4 3/4 in. Sizes 0-3, 3-6 and 6-12 months

Stitches: Single crochet, 2 sc in one st, sc2tog, sl st, magic ring. In the instep rows, each row joins one wall stitch to the foot: the steps below say which.

Time: About 7.5 to 10 hours for the set (estimate, not timed).

Counts were checked by software. This pattern has not been crocheted and swatched by a person before publication.

Materials, sizes and terms

Materials

Worsted (#4) yarn in one color (Sage in our pictures, the color of our baby sweater and blanket): about 140 yd (0-3 mo), 170 yd (3-6 mo), 180 yd (6-12 mo) for the whole set.
Yards include a 20 % margin. Skeins = yards ÷ yards per skein, rounded up. Go by the yards on the label, not the grams or the number of skeins.
Look for the number 4 on the label. Many "baby" yarns are #3 and will not give our gauge. If you change yarn, swatch again. Pick a soft yarn whose label says it can be washed the way you will wash the set, without loose fuzz.
Hooks: hat: US I-9 (5.5 mm); booties: US H-8 (5 mm). Do not mix them up: the hat and the booties use different hooks.
Yarn needle, scissors, stitch markers (at least 2), measuring tape. No buttons, no ties, no pompom.

Abbreviations (US)

ch = chain
sc = single crochet
sl st = slip stitch
st(s) = stitch(es)
Rnd = round
RS = right side (the outside)
sc2tog = single crochet 2 together: insert the hook in the next st, pull up a loop, insert the hook in the next st, pull up a loop, yarn over and pull through all 3 loops
2 sc in the next st = an increase: work 2 sc into the same st

back loop only = insert the hook under the back strand of the st only; it makes ridges
magic ring = wrap the yarn twice around two fingers, work the sts into the ring, then pull the tail to close it
[ ] 3 times = repeat what is inside the brackets that many times

Gauge

Suggested, not measured: hat 15 sc and 16 rounds = 4 in (10 cm) in single crochet with a US I-9 (5.5 mm) hook and worsted (#4) yarn. Measure your swatch and adjust. Booties: 16 sc and 17 rounds = 4 in (10 cm) in single crochet with a US H-8 (5 mm) hook and worsted (#4) yarn. Measure your swatch and adjust.

Notes

- US crochet terms: see the abbreviations above. Sizes: 0-3 mo, 3-6 mo, 6-12 mo. Each size has its own rounds: follow the section of your size.
- Most rounds start with ch 1, which does not count as a st; work the first sc in the same st as the join, and join each round with a sl st in the first sc. A few places start differently and say so in their own text: the foundation chains, the first row or round worked into a chain (the swatch Row 1 and the booties' Rnd 1) and Instep row 1, which starts with sl sts. The number in brackets at the end of a round is how many sts you have.
- Round numbers shift by size: follow the rows for your size only. The booties' foot round (the first round after the instep rows) is Rnd 9 in 0-3 mo, Rnd 9 in 3-6 mo, Rnd 10 in 6-12 mo. For example, Rnd 9 is the foot round in 0-3 mo but a wall round in 6-12 mo (where the foot round is Rnd 10).
- Instep rows (booties): each row works across the row below and ends by joining one more st of the wall, first on the right, then on the left, because you turn after every row.
- Fold the hat band back once for warm ears, or leave it open. The fold is not sewn.
- Join a new skein at the end of a round. Leave 6 in tails.
- Many yarns grow when washed. Wash and dry your swatch and measure it again.
- Glossary. Negative ease: the hat is smaller than the head and stretches to fit. Swatch: a small test piece you crochet and measure. Gauge: how many stitches and rounds make 4 in.
- Head and foot sizes are population averages, not your baby: how to choose is in "Choose your sizes" below.

Make the swatch first

Make these first. Two flat swatches in rows of sc, one for each hook: hat swatch 19 sts x 20 rows with the US I-9 (5.5 mm) hook; booties swatch 20 sts x 22 rows with the US H-8 (5 mm) hook. Measure 4 in in the middle.

Sole 10 ch, 40 sts at the wall, cuff 20 sts. Hook for the booties: US H-8 (5 mm). Round numbers shift by size: follow the rows for your size only. The booties' foot round (the first round after the instep rows) is Rnd 9 in 0-3 mo, Rnd 9 in 3-6 mo, Rnd 10 in 6-12 mo. For example, Rnd 9 is the foot round in 0-3 mo but a wall round in 6-12 mo (where the foot round is Rnd 10). In this size the foot round is Rnd 9.

Finishing

Check that every end is woven in, that nothing is attached to the hat or the booties, and that each piece matches the size table.

- The American Academy of Pediatrics advises not putting a hat on a baby indoors once you are home from the hospital, and warns that overheating can raise the risk of SIDS (healthychildren.org, How to Keep Your Sleeping Baby Safe: AAP Policy Explained). This hat is for outdoors: take it off indoors, never let a baby sleep in it, and check that it never covers the eyes, nose or mouth.

- Never add small parts or cords: no buttons, no ribbons, no ties, no pompoms, no flowers, no beads and no appliques, because small parts and cords are a choking and strangling risk. Not a toy.

- Weave in every end and check the hat and the booties before each wearing. Count your pins and stitch markers: none may stay in the work. The holes between stitches are about 1/4 in or more: check little fingers and toes when you dress and change the baby.

- The booties are for a baby who does not walk yet. They are not shoes, and the yarn sole does not grip: do not use them for a baby who pulls up to stand or walks, and keep them off smooth floors. Without a tie or a button they can slip off: they are not made for sleep or for walking, so take them off when the baby sleeps.

- Dress a baby in these only when an adult is watching. Selling baby clothes in the US has legal rules (CPSC/CPSIA): check them before you sell. We make no safety or certification claim for this pattern or for any yarn.
